

1 Raising a Quality Concern

The UBMS takes every concern seriously and has a clear 'whistle-blowing' policy to protect anyone raising concerns. <http://medvle.buckingham.ac.uk/mod/resource/view.php?id=277>

As with all concerns raised submissions will be treated in strictest confidence. In order for UBMS to be able to take specific action and to conduct a full investigation, and to enable a resolution into any concern raised we need you to provide your name. Without a name being provided we may be unable to investigate these concerns and take any action. Each case will remain confidential and your name will NOT be disclosed during the investigation.

We may contact you to obtain additional details and to discuss taking further action, if applicable. UBMS will endeavour always to feedback to students and stakeholders about the outcome of any concern submitted.
